

# Carolinas Chapter Short Wing Piper News

August, 2013  
Volume 24, Number 8

---

**August 3, 2013 CSWPC Meeting.** Rowan County airport KRUQ Salisbury, NC CTAF 122.8  
772' MSL 02 - 20. EAA 1083 Monthly Lunch.

---

## July – 2013

Our July meeting was at Gilliam McConnell airport again and the weather again did not co-operate. Charlotte and I drove to the Pic N Pig and there met Roger Hawkins who also drove. After a short wait to see if anyone braved the conditions and flew, we had lunch. It was good as usual and we both enjoyed Roger's company.

Our next meeting is Aug 3 2013 at Rowan County Airport in Salisbury, NC. Chapter 1083 EAA sponsors a monthly lunch at their hanger. The food is always good and the long range forecast looks favorable so we may actually get to have a meeting this month.

I will not be able to attend as I have a previous commitment that day. I am part of the glider crew for the North Carolina Wing Glider. I am committed to helping assemble it on Saturday. I'll miss seeing you all.

**Rich**

## A postscript from the Mrs.

There is progress, tho slow, on the Tri Pacer rebuild. Two flaps are covered and one aileron. I can see light at the end of the tunnel! It's hard to visualize this project being done by next summer but I have been assured by the builder. I have my fingers crossed!

**Charlotte Netherby**

### CSWPC Shirts & Caps:

### Tri-Pacer Update:

Charlotte has stated in her PS above I have finally begun covering my Tri-Pacer. The photo shows that both Flaps are complete except for the drain grommets (found out I don't have any, they are on order) and one Aileron is covered but still needs rib stitching, perimeter tapes and other finish work. the plan was to start with the control surfaces so that if I screwed up I wouldn't waste too much fabric. So far no major screw ups! Going slow and learning as I go. The fabric is still bare. I can't paint the first UV coat until the drain grommets are in place so that will have to wait until they come in. I will update the progress to the group as it happens.

Rich
